

Class 10

**Wrap up and discussion**

Class 1

# **Welcome to the VUCA World**

Introduction to the VUCA World

History

Current implications

Evolution of the framework

Learning in VUCA environments

# Summarizing the concepts

Highly connected World

VUCA World:

Volatility, Uncertainty, Complexity, Ambiguity

VUCA Prime (counterweight):

Vision, Understanding, Clarity, Agility

Learning and Adapting in a VUCA World:

Design Thinking

Agile Thinking

Class 2

# **Dealing with complexity**

Systems thinking

Complexity theory

Holistic view

# THE MECHANISTIC VIEW OF THE WORLD

XVII century

DUALISM

REDUCTIONISM

RENE DESCARTES

# GESTALT EXAMPLE

Law of closure

# The Black Swan

*"First, it is an outlier, as it lies outside the realm of regular expectations, because nothing in the past can convincingly point to its possibility. Second, it carries an extreme 'impact.' Third, in spite of its outlier status, human nature makes us concoct explanations for its occurrence after the fact, making it explainable and predictable."*

-Taleb, Nicholas.

Class 3

# **Future Scenarios**

Introduction to Foresight

Foresight as strategic planning (UNDP)

Foresight vs. Future Studies

The three main phases

# Foresight: how to plan for long term

**FUTURES (LONG TERM)**

**ALTERNATIVE FUTURES**

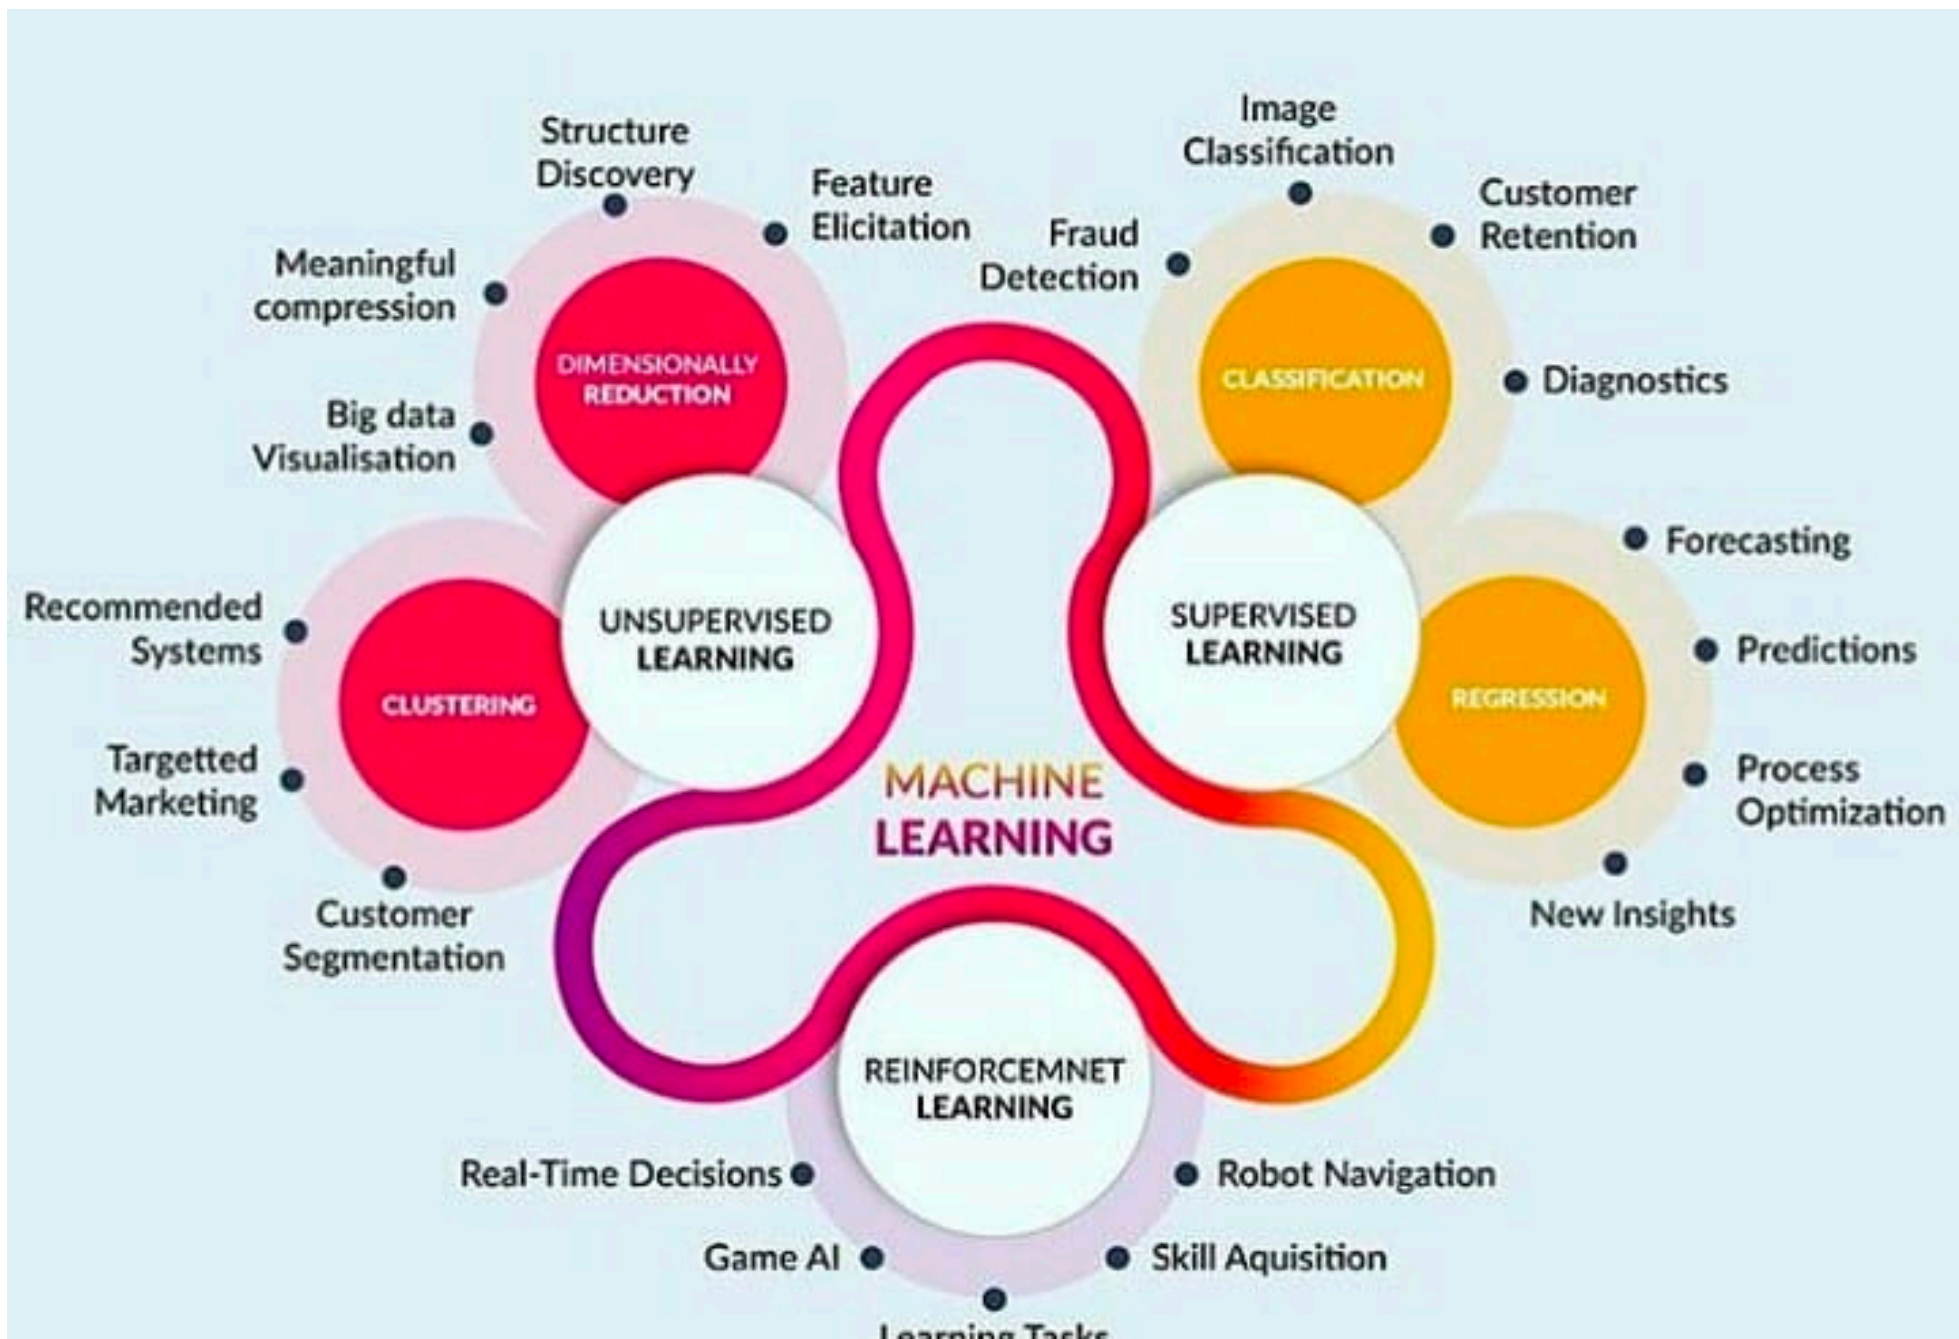

Class 4

# Elements of AI

Artificial Intelligence is everywhere

New types of interaction

Knowledge Based vs. Statistical AI

Class 5

# **AI Basics**

Introduction to Machine Learning

Types of Machine Learning methods

# TYPES OF MACHINE LEARNING

**SUPERVISED**

**UNSUPERVISED**

**REINFORCEMENT**

Class 6

# **AI Challenges**

AI inclusion and AI bias

AI unemployment vs. AI new skills

Fairness and accountability

Class 7

# **Design Foundations**

Design beyond *diseño*

Design Thinking

Human-Centered Design

User Experience

Design Research

# Summarizing the concepts

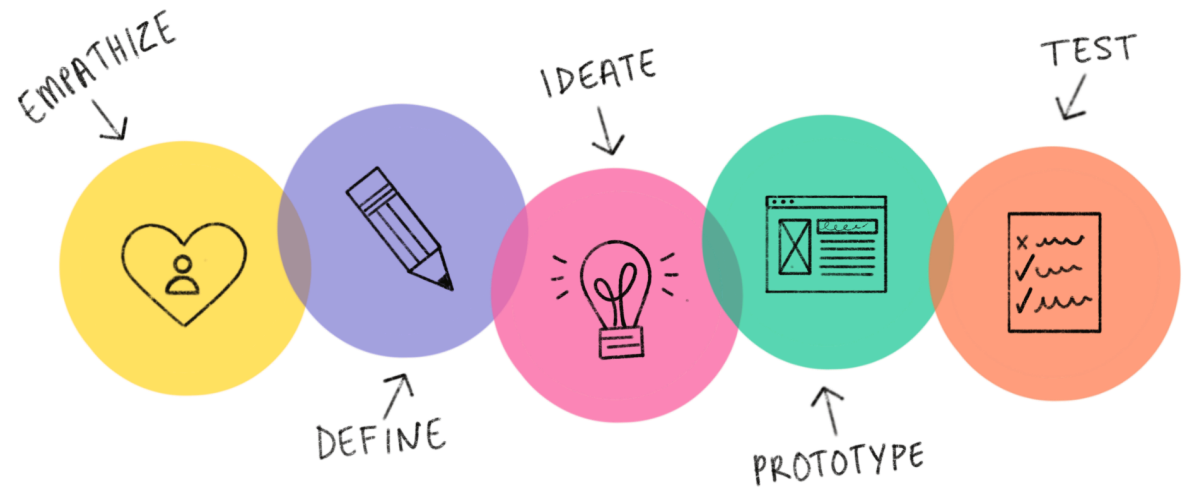

- Design as graphic design and the Bauhaus
- Design Thinking and Double Diamond
- Design Principles (People-first, Inclusive communication, Collaboration, Iteration)
- User Experience
- Design Research
- Human-Centered Design

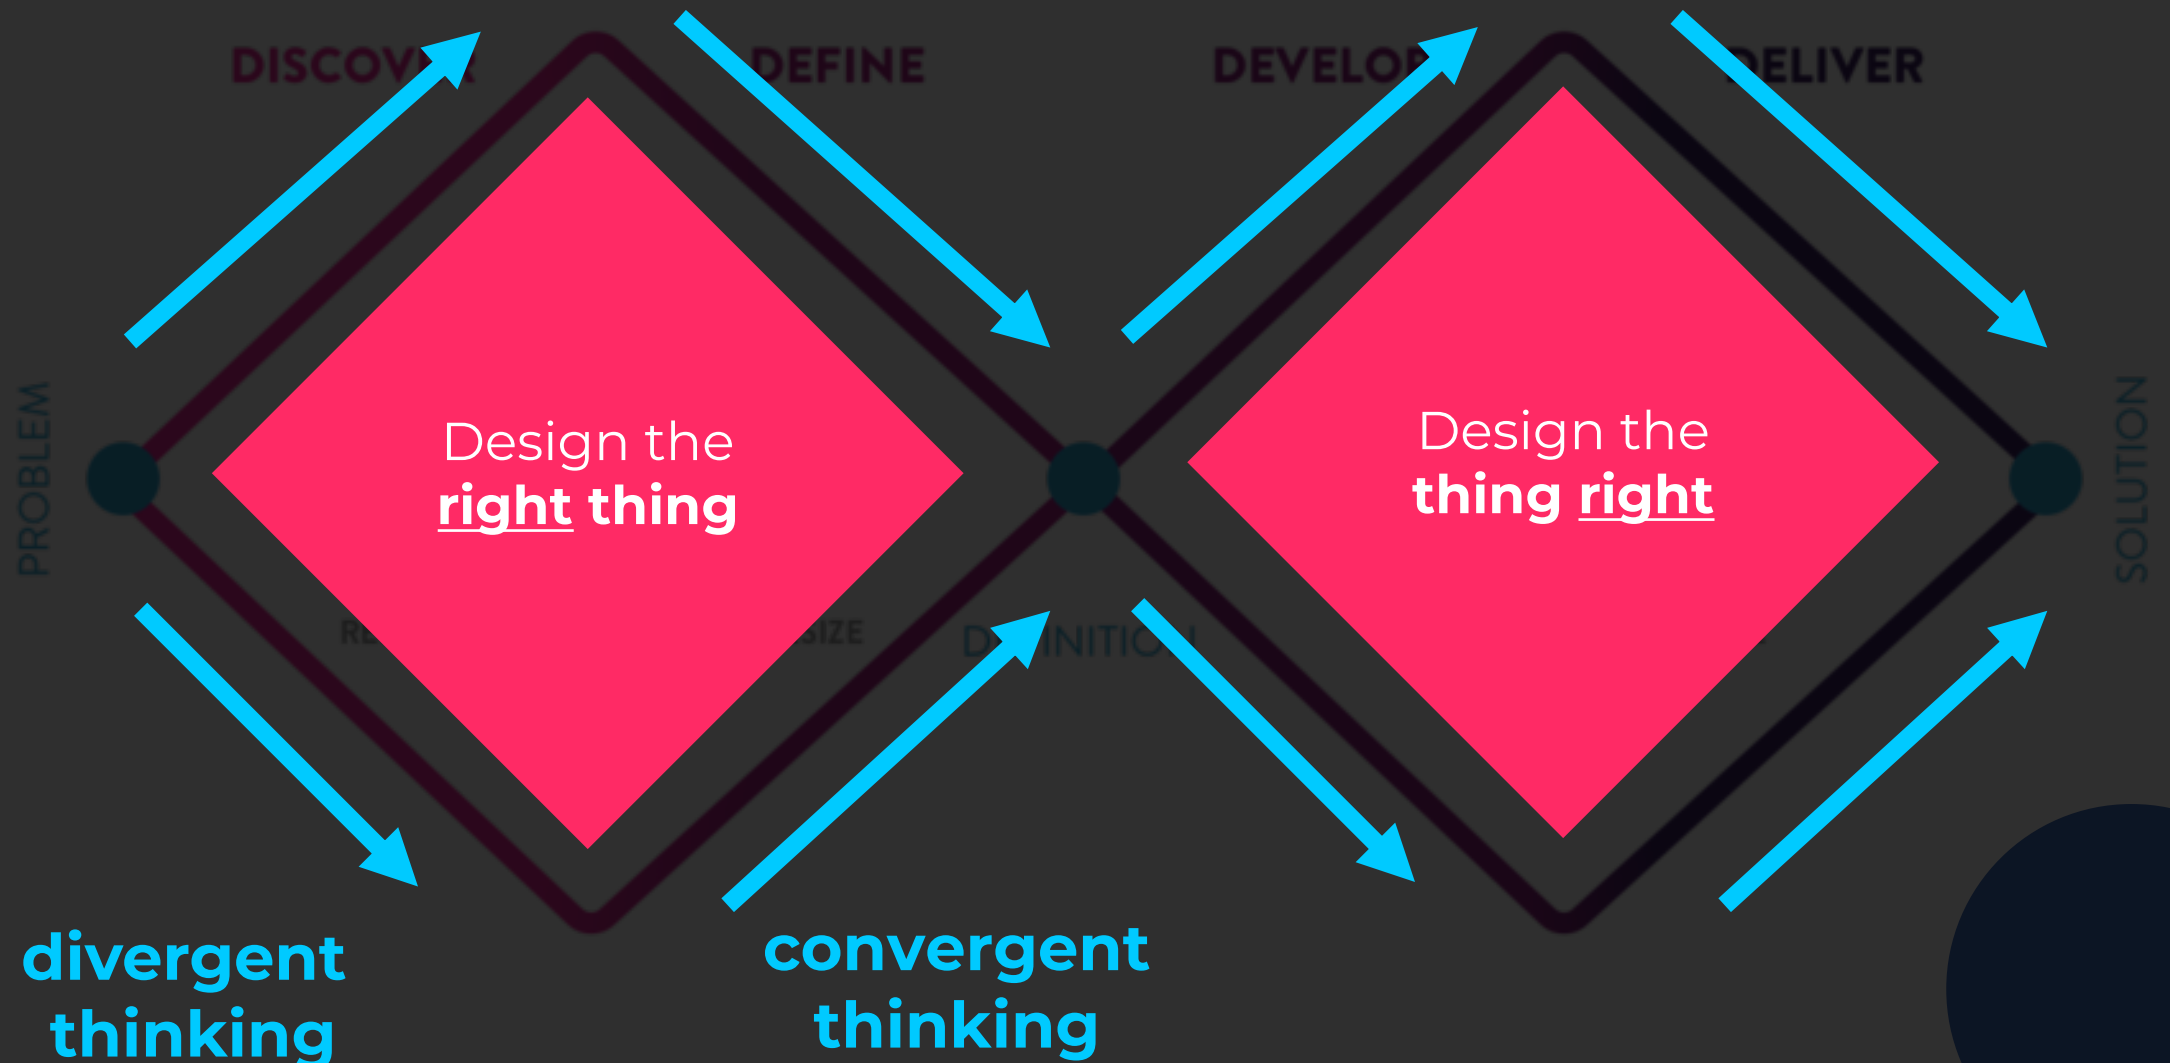

THIS IS SERIF<sup>o</sup>  
THIS IS SANS-SERIF<sup>o</sup>

"User experience" encompasses all aspects of the end-user's interaction with the company, its services, and its products.

Class 8

# **Design Research**

Empathy in Design

Identifying needs

Developing surveys and interviews

Methods for prototyping

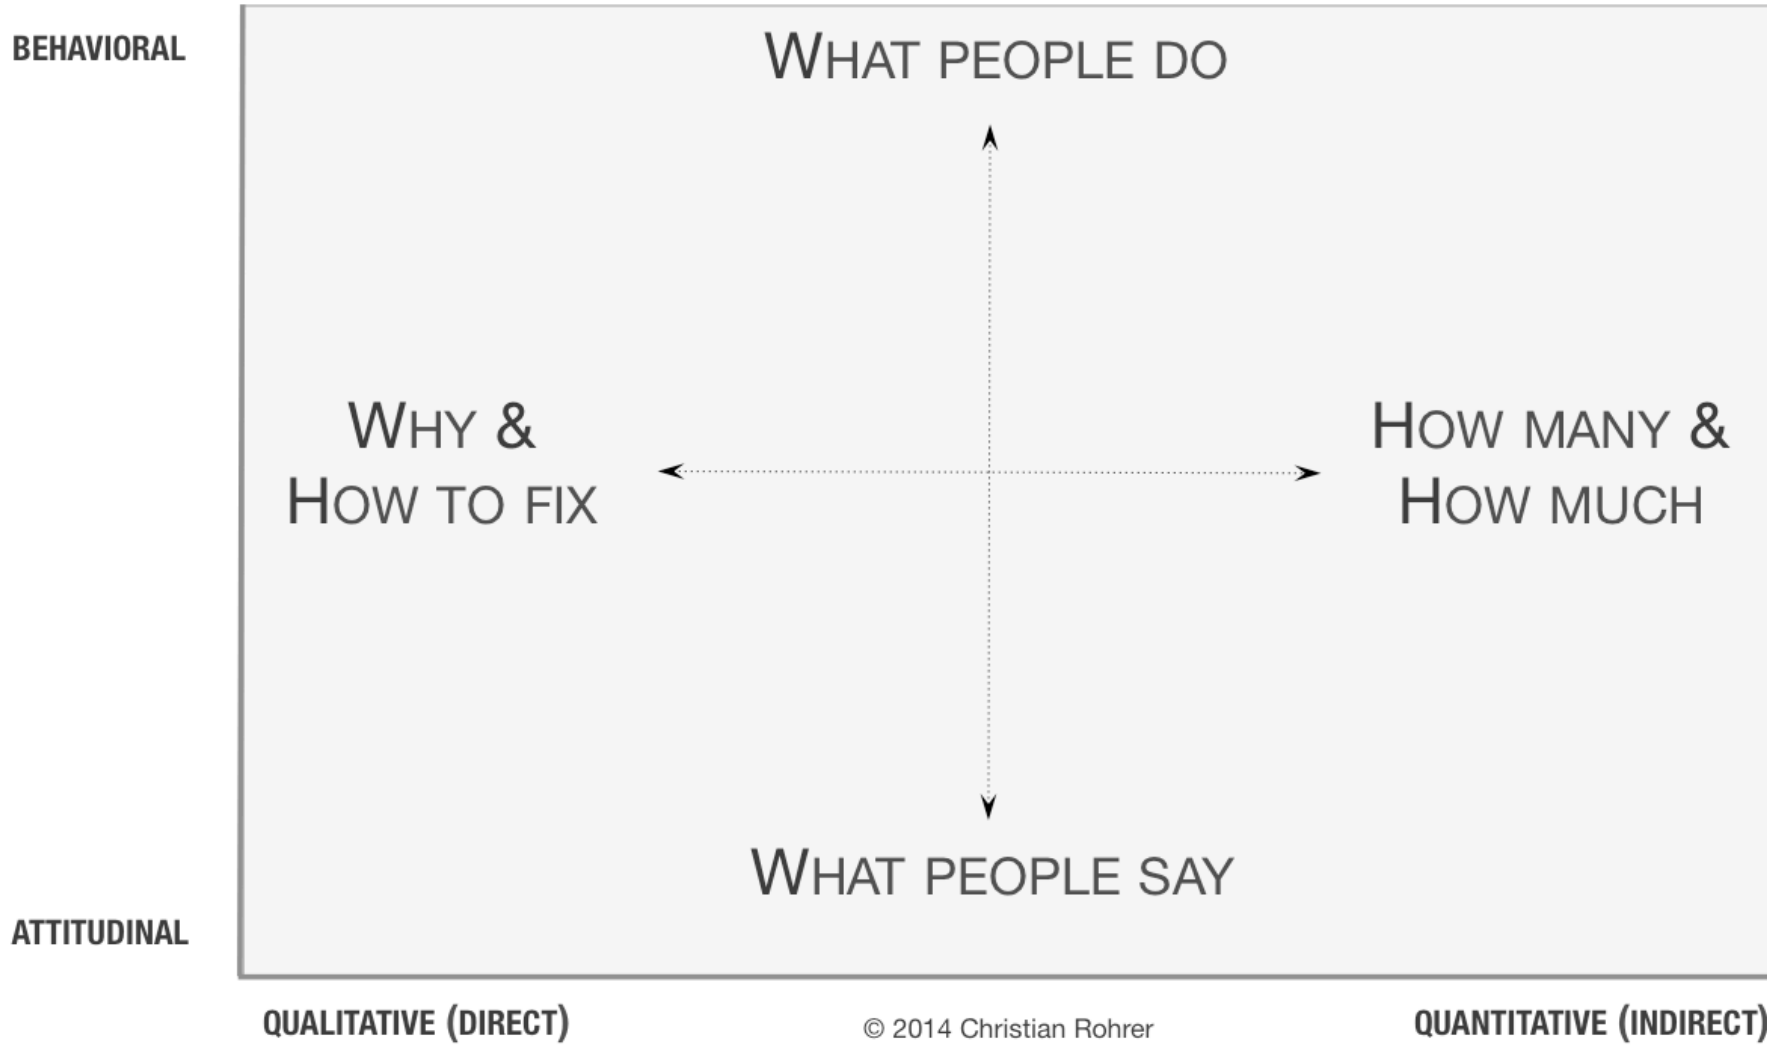

# Empathy

*“The ability to share someone else’s feelings or experiences by imagining what it would be like to be in that person’s situation.”*

*The Cambridge Dictionary*

# QUESTIONS ANSWERED BY RESEARCH METHODS ACROSS THE LANDSCAPE

# Structure of a (good) desk research

Objective

Deadline

Research

Analysis

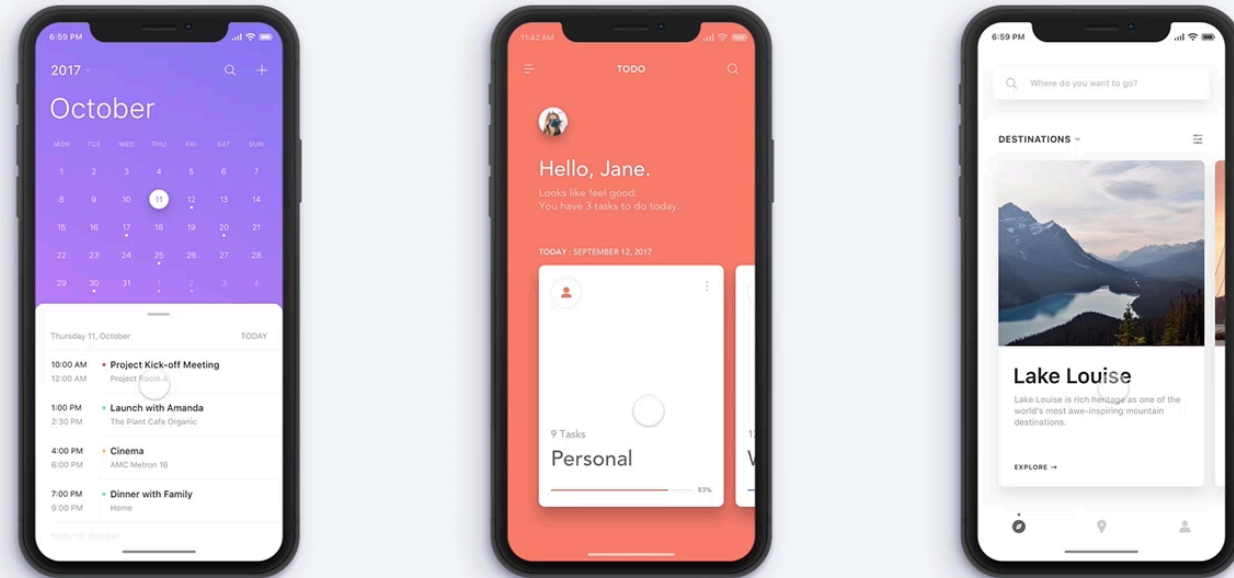

Google Forms

# Low Fidelity

# High Fidelity

Class 9

# **Multidisciplinary Design**

Design is for everyone

Service Design

Design and policymaking

# Summarizing the concepts

- Design is for everyone
- Service Design
- Personas
- Journey Maps
- System Maps

“design has become  
too important to be  
left to designers”

Tim Brown, “Change by Design”

# Multidisciplinary Design

# SERVICE DESIGN FOR EXECUTIVES

6 JUNE 15:00

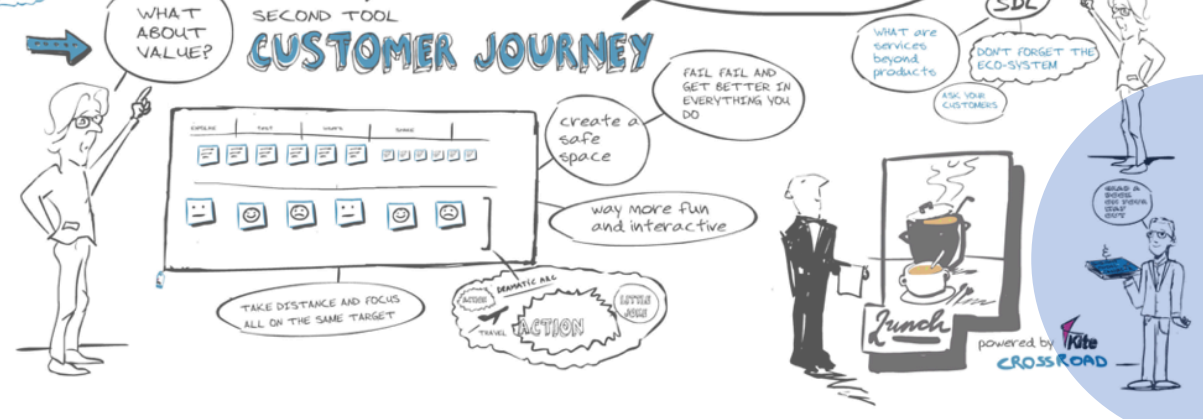

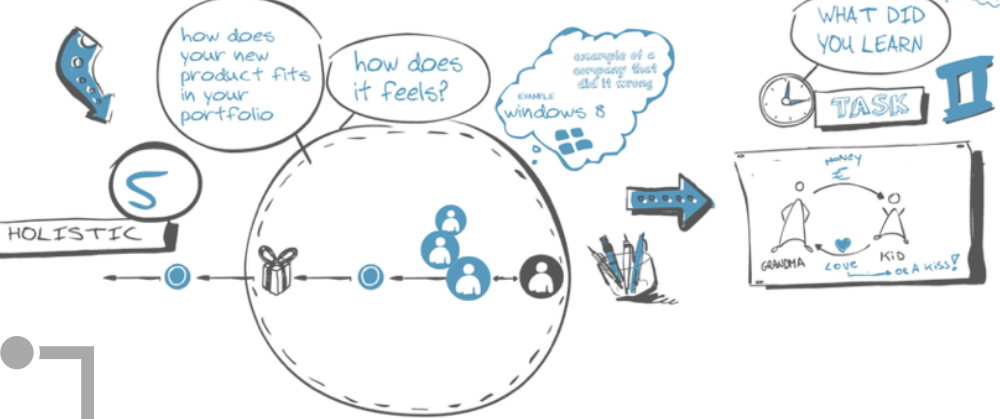

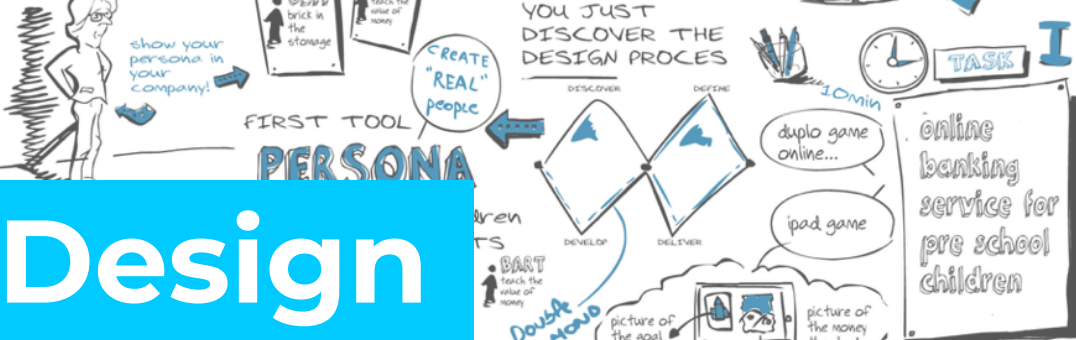

## INTRO

## sequencing

# Service Design

# Service Design

A few tools that we  
can use in our  
projects

Personas

Journey Maps

System Maps  
(Stakeholder maps)

# Design and policy-making

Public policy is difficult or rather it's complex. It can be extremely challenging to accommodate people's rights, needs and duties.

# How to use Design in Policy-Making?

User research

Build  
empathy

Collaborative  
working

Visualization and  
Shared understanding

Iterative  
work

**Discussion**

**How design and AI will  
shape the future?**
